

COMPANY

NoiseHush is a global provider of innovative Bluetooth connectivity solutions. As one of the world leaders, the company is passionate about design, quality, technology, and improving lives through revolutionary products. All our products are known to have the ease of use, highly configurable and extremely reliable. All hardware design, software design and product manufacturing is done in-house giving us an unparalleled level of flexibility and control. Over the years, NoiseHush has established strategic relationships with major global manufacturers, and through our extensive sales channels, we deliver a wide range of cutting-edge, cost-effective products. NoiseHush products sell through an elaborate network of authorized distributors, resellers, VARs, retailers and e-tailers.

Exceptional reliability from lean manufacturing techniques and employing advanced engineering design won us international recognition and prestigious FCC, CE, and BQB certifications.
